Projects

Betfaro (<https://www.betfaro.com/d>)

betfaro is one of our favourite bookies. We use betfaro or its competitive football markets, its live streaming and betting and its “one-wallet system”, which lets you use a single account to participate in sports, casino, poker and bingo betting. It also offers live sports statistics and easy-to-use betting coupons.

5starwagerz (<http://5starwagerz.com/>)

5StarWagerz.com, has the most knowledgeable staff and offers the most player friendly software in the sports wagering business. We are standing by to assist our customers any way we can 7 days a week, 24 hours a day. Everyone is treated like a highroller at 5StarWagerz.com. We offer all types of wagers on all major sporting events

Altumai (<https://altumai.com/>)

altumAI's platform and mobile apps use data and AI to transform how organizations manage safety and prevent injuries. Leveraging multiple data sources and a sophisticated platform that delivers the right information to the right worker at the right time via Sam, the safety bot, altumAI helps organizations reduce the cost and frequency of injuries, ensure compliance, and boost productivity, all while engaging and enabling the workforce

Gowd (<https://www.gowd.com/about/>)

Gowd helps customers share their subscription accounts with other like minded people across the world. Gowd has transformed subscription accounts services by distributing costs across multiple people, thereby reducing their subscription expenses drastically. With Gowd, consumers can save money and gain instant access to accounts, while account holders can offset their costs or make money.

In my four-year career, I worked on more than ten projects.
